

## Fill Out This Form

Every month is someone's time to register their vehicle with their county again. Every year, we pay our taxes. Monthly bills arrive, a return is made at the store, the car or truck needs work done at the shop. All these matters involve filling out forms - to identify us, what we're doing, what we owe, what we own, why we changed our minds after buying that - accent on the word, "that."

Names, addresses, phone and account numbers, the day's date, and more are required. Even where a signature is required, that's not what's requested - usually Username, Password; I understand the need for security, but we put men on the moon, as is often said. Surely there's a better way. As it is, this is too often who you are to others! Have you stopped to think about how often people are interested in you by your birth name recently? I have a feeling that all will come down to a UPC code or some other way to treat us as less than actual people.

However, the One Who knows you best is God; Deuteronomy 2:7 tells of God's intentions for His people to pass through the Mount Seir, where the land will remain Esau's, "For the Lord your God has blessed you in all the work of your hand. He knows your trudging through this great wilderness. These forty years the Lord your God has been with you; you have lacked nothing." God has a promised land for His people. God knows you, what you've been through, no information needed from us, no expiration dates, and He provides what He promises, more than any of us deserve. He knows you even better than you know yourself. So why not rely on God in everything? He knows.

Deuteronomy 2:1 - 7 NKJV
