

Sunday Evening Home Worship Guide

“Open with prayer for wisdom.

May the Lord bless you. We say the word, “bless,” very often in a greeting. “The Lord bless you and keep you,” is important to say and important to hear. Psalm 134 is short, yet has much to say about worship and blessing. As we worship the Lord, We bless the Lord’s name, and He blesses us. The most we can do is proclaim who the Lord is to us as we worship. However, He blesses us much more greatly. The Lord blesses us by directing us to be better than we are without Him, by teaching us more than we know on our own.

Read Psalm 134

Discuss with your family or think and pray on your own about blessing and worship: What is to be our response to the Lord’s blessing? How often do we worship the Lord? In what way(s) can we worship Him?

Close with prayer in thanksgiving to God.”
