

Sunday Evening Home Worship Guide

Open with prayer for God's wisdom.

When we lift something heavy by ourselves, the weight can be too much. When a second person helps us, the weight is much lighter. The more people there are to help do the work, the more that can be lifted, the longer we can work, and the more that can be done. Our church belongs to Jesus Christ, and He intends for His people to be in unity, working with one another, and including everyone.

Read Ephesians 4:1-6.

Discuss what others have done in the church to contribute to your encouragement and blessing? Be specific and give thanks. Does this encourage you in any direction?

Thank you for all the ways you serve in unity!

Close with prayer in thanksgiving to God.
